INTERN EXPERIENCE

COMMUNITY DESIGN ASSISTANCE CENTER

REMOTE WORK

September 2020 - February 2021

Working with a community and team members to reimagine the use of a historic stone school building and its grounds. We created conceptual level work and graphics that the community is using to help win grants and make it a reality, \$25,000 awarded in grants so far.

HBB LANDSCAPE ARCHITECTURE

SEATTLE, WA.

August 2019 - January 2020

An internship at a firm that specializes in community parks, public transit projects, urban design, and urban planning. Experience in each phase of design and community involvement.

STANTEC

ORLANDO, FL.

June 2019 - August 2019

An internship at a firm specializing in placemaking, hospitality, and community design. Experience doing work with clients like Disney, working on conceptual design, masterplanning, and construction documents.

VOLUNTEER EXPERIENCE

INK LANDSCAPE ARCHITECTS

REMOTE WORK

June - Present 2021

Helped organizing the 2021 Cut|Fill unConference. I assisted with taking the pulse of the current LAR community's concerns and needs to brainstorm guiding questions and topics, help with outreach, as well as graphics and social media marketing.

WORLDWIDE ORGANIZATION OF ORGANIC FARMING

TAOS, NM.

May - July 2020

With Covid-19 cancelling internships, I strived to stay true to my values and do something meaningful and challenging. I worked to bring healthy and affordable food to the community, while also creating new marketing strategies for the farm.

KID'S TECH

VIRGINIA TECH

2018 - 2020

Organizing activities with elementary - middle school Virginia students to excite and inform them about Landscape Architecture as a major.
