INTERN EXPERIENCE

COMMUNITY DESIGN ASSISTANCE CENTER
BLACKSBURG, VA. Remote Work.
September 2020 - February 2021

Working with a community and team members to reimagine the use of a historic stone school building and its grounds. We created conceptual level work and graphics that the community is using to help win grants and make it a reality, $25,000 awarded in grants so far.

HBB LANDSCAPE ARCHITECTURE
SEATTLE, WA.
August 2019 - January 2020

An internship at a firm that specializes in community parks, public transit projects, urban design, and urban planning. Experience in each phase of design and community involvement.

STANTEC
ORLANDO, FL.
June 2019 - August 2019

An internship at a firm specializing in placemaking, hospitality, and community design. Experience doing work with clients like Disney, working on conceptual design, masterplanning, and construction documents.

OTHER EXPERIENCE

FOOD INDUSTRY JOBS
2012 - Present

Working in food industry since I was 14 has taught me how to work with a team, time management, flexibility, how to stay calm under pressure, and how to engage with a wide range of people. I also credit my privilege to travel and try new hobbies to the financial benefits from these jobs.

VOLUNTEER EXPERIENCE

WORLDWIDE ORGANIZATION OF ORGANIC FARMING
TAOS, NM. | May - July 2020

With Covid-19 cancelling internships, I strived to stay true to my values and do something meaningul and challenging. I worked to bring healthy and affordable food to the community, while also creating new marketing strategies for the farm.

GIVE VOLUNTEERS
ZANZIBAR AND ARUSHA, TANZANIA | July 2018

Working with communities to build schools, teach english, and implement sustainable infrastructure, agricultural, and environmental practices.
